JEWISH COMMUNITY INCLUSION

*We can help you put
the pieces together*

Minneapolis Jewish Community Inclusion
Program for People with Disabilities

Inclusion works.

The award-winning Minneapolis Jewish Community Inclusion Program for People with Disabilities has experienced great success in opening minds, hearts and organizations within the Jewish Community.

We have learned that there are many important pieces in the inclusion picture. It is not always easy to fit these pieces together. We can help you identify the pieces you need and how to bring them together effectively. Being committed to the inclusion of all people makes each community richer.

We would like to put our experience, expertise and success to work for you. We can help you gather all the pieces you need to create a complete inclusion picture for Jewish organizations in your community.

Together, we can custom design an inclusion plan that fits your needs and your budget.

We can help.
