Volunteer Opportunities

JFCS is always in need of volunteers in many different capacities!
Have an hour or two or looking for an ongoing volunteer opportunity?

Driver for Jacob Garber Transportation Services

Our drivers provide critical rides to older adults. Be the wheels for our clients and help them get to and from appointments, engagements and other commitments. Select the rides you are available to provide from the privacy and comfort of your own home on your computer.

Outreach Visitor

You can help brighten the day of older adults who find it difficult to leave the house. JFCS will match you with a senior to share some coffee and conversation or to go out and about in the community. This opportunity would require a few hours each week or every other week.
