## INDEPENDENT AUDITOR'S REPORT

To the Board of Directors of  
Jewish Family and Children's Service of Minneapolis  
Minneapolis, Minnesota

We have audited the accompanying consolidated financial statements of Jewish Family and Children's Service of Minneapolis (a nonprofit organization), which comprise the consolidated statement of financial position as of December 31, 2020, and the related consolidated statements of activities, functional expenses and cash flows for the year then ended, and the related notes to the consolidated financial statements.

### **Management's Responsibility for the Financial Statements**

Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of the consolidated financial statements that are free from material misstatement, whether due to fraud or error.

### **Auditor's Responsibility**

Our responsibility is to express an opinion on these consolidated financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the consolidated financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

## **Opinion**

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the consolidated financial position of Jewish Family and Children's Service of Minneapolis as of December 31, 2020, and the changes in its net assets and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

**NOTE 1 NATURE OF OPERATIONS AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

**A. NATURE OF OPERATIONS**

Jewish Family and Children's Service of Minneapolis is guided by its mission to provide essential services to people of all ages and backgrounds to sustain healthy relationships, ease suffering and offer support in times of need. Jewish Family and Children's Service of Minneapolis is proud to say it has been "family" to tens of thousands of people in the Jewish and general communities for more than a century. Jewish Family and Children's Service of Minneapolis provides a full spectrum of programs and services for adults, children, families, the frail elderly, refugees and immigrants, and people who struggle with poverty, emotional problems, and mental and physical disabilities.

**B. BASIS OF CONSOLIDATION**

The accompanying consolidated financial statements include the accounts and activities of Jewish Family and Children's Service of Minneapolis and a supporting foundation that was incorporated in November 2012 (collectively, the Organization). All significant intercompany balances and transactions have been eliminated.

**C. BASIS OF PRESENTATION**

Net assets and contribution revenue are classified based on the existence or absence of donor- or grantor-imposed restrictions. Accordingly, net assets of the Organization and changes therein are classified and reported as follows:

Net Assets Without Donor Restrictions – net assets available for use in general operations and not subject to donor (or certain grantor) restrictions. The governing board has designated, from net assets without donor restrictions, net assets for an operating reserve and board-designated endowment.

Net Assets With Donor Restrictions – net assets subject to donor (or certain grantor) imposed restrictions. Some donor-imposed restrictions are temporary in nature, such as those that will be met by the passage of time or other events specified by the donor. Other donor-imposed restrictions are perpetual in nature, where the donor stipulates that resources be maintained in perpetuity. Gifts of long-lived assets and gifts of cash restricted for the acquisition of long-lived assets are recognized as revenue when the assets are placed in service. Donor-imposed restrictions are released when a restriction expires, that is, when the stipulated time has elapsed, when the stipulated purpose for which the resource was restricted has been fulfilled, or both.

**D. CASH AND CASH EQUIVALENTS**

Cash and cash equivalents consist of highly liquid debt instruments with an initial maturity of three months or less.

Cash on deposit in excess of FDIC and similar insurance coverages are subject to the usual banking risks of funds in excess of those limits. At times, amounts on deposit may exceed FDIC insured limits. To date, the Organization has not experienced losses in any of these accounts.

**NOTES TO CONSOLIDATED FINANCIAL STATEMENTS**

**E. ACCOUNTS RECEIVABLE**

Receivables from program related sales and fees are reported as accounts receivable, net in the accompanying consolidated statement of financial position. Accounts receivable are stated at the amount management expects to collect from outstanding balances. Management records an allowance for doubtful accounts under the reserve method based on its assessment of the current status of individual accounts and historical average percentage of write-offs by category of receivables. Balances that are still outstanding after management has used reasonable collection efforts are written off through a charge to the valuation allowance and a credit to accounts receivable. An allowance of \$6,962 was recorded at December 31, 2020.

**F. GRANTS AND CONTRIBUTIONS RECEIVABLE**

Unconditional grants and contributions receivable that are expected to be collected within one year are recorded at net realizable value. Grants and contributions receivable that are expected to be collected in future years excluding the contributions due to the supporting foundation, are recorded net of a present value discount. Included in long-term receivables is a \$12,450,000 contribution receivable to the supporting foundation. Although collectible per the terms of the agreement, Management believes it likely will not be received until 2022. Due to the uncertain time line for collection, there is no discount recorded for this receivable.

Management records an allowance for doubtful accounts under the allowance method based on historical average percentage write-offs and its assessment of the current status of individual account balances. If management's collection attempts are unsuccessful, grants and contributions receivable balances are written off through a charge to the allowance for doubtful accounts. An allowance of \$6,513 and a discount of \$32,061 was recorded at December 31, 2020.

**G. PROGRAM LOANS RECEIVABLE**

Program loans receivable relate to various loan programs which are used to serve individuals needing emergency assistance, refugees in need of help, and individuals seeking vocational training. Outstanding loan balances are reviewed individually for timing of payments received as well as future collectability. As needed, alternative payment plans are arranged. Management records an allowance for doubtful accounts under the reserve method. Write-off of loans receivable against the related allowance occurs when all collection efforts have been exhausted. An allowance of \$2,564 was recorded at December 31, 2020.

**H. INVESTMENTS**

Investments consist primarily of mutual funds, exchange traded funds and Israel Bonds, recorded at fair value.

**I. BENEFICIAL INTEREST IN THE NET ASSETS OF THE MINNEAPOLIS JEWISH FEDERATION**

The Minneapolis Jewish Federation (the Federation) receives contributions and invests these funds for particular purposes on the Organization's behalf. The contributions are put into funds based on the donor's stipulations. The Federation does not have variance power on these funds, therefore requiring the activity to be recorded by the Organization. The balances are at fair value.

**JEWISH FAMILY AND CHILDREN'S SERVICE OF MINNEAPOLIS**  
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS  
December 31, 2020

---

Due to the unitized structure of the investments at the Federation, the Organization is allocated an equitable portion of sales and purchases of investments executed at the Federation. The details of the sales and purchases of investments are maintained by the Federation. For financial statement purposes, the Organization has elected to disclose only the net change in the value of its interest in the net assets of the Federation in the consolidated financial statements.

Additional funds are held by the Federation in donor advised funds from which the Organization may receive additional contributions, however, variance powers to redirect these funds are present and the funds do not meet the reporting requirements under current guidance.

**J. BENEFICIAL INTEREST IN CHARITABLE REMAINDER TRUST**

The beneficial interest in charitable remainder trust is carried at the estimated present value of expected proceeds from a trust. The lead beneficiaries of the trust are entitled to distributions from the trust over their lifetime with the Organization receiving the balance of the trust assets after their deaths. The present value was calculated using a 5% discount rate over the life expectancy of the lead beneficiary.

**K. PROPERTY AND EQUIPMENT**

Property and equipment that has a useful life greater than one year and a cost greater than \$1,000 is stated at cost and depreciated using a straight-line method. Depreciation of property and equipment is provided over the estimated useful lives of the respective assets.

Building and building improvements	10 - 39 years
Furniture, fixtures and equipment	3 - 10 years

**L. REVENUE AND REVENUE RECOGNITION**

The Organization recognizes support revenue when cash, securities or other assets, or an unconditional promise to give is received. Conditional promises to give with a measurable performance or other barrier and right of return, are not recognized until the conditions on which they depend have been met.

The Organization has various government contracts and grants that are generally cost-reimbursable, which are conditioned upon certain performance requirements and/or the incurrence of allowable qualifying expenditures. Revenue without donor restrictions is recognized as qualifying expenditures are incurred, or other contractual conditions are met. Revenue recognized under government contracts and grants, including PPP loan forgiveness, is subject to review by the granting authority. To the extent, if any, that such a review reduces expenditures allowable under these agreements, the Organization will record such disallowance at the time the determination is made.

There is no material amount of unrecorded conditional contributions or government grants at December 31, 2020.

Program related sales and fee revenue represents private payments and insurance-type reimbursements for services provided to individuals. Revenue is recognized at the time the services are provided, net of any expected fee adjustments. Changes in regulations, governmental funding, or other negotiated contracts could result in changes in contract rates or reduction of services. Any such adjustments to the contract rates are recognized as an adjustment of the services when their effect becomes reasonably determinable.

December 31, 2020

---

**M. DONATED SERVICES AND IN-KIND CONTRIBUTIONS**

Donated services are recognized to the extent that they create or enhance nonfinancial assets or require specialized skills. Donated goods and services required by grant awards are recorded in the consolidated Statement of Activities at fair value at the date of the donation and recognized as revenue and expense in the period they are received.

A number of volunteers have made contributions of their time to develop and enhance the Organization's programs. The value of this contributed volunteer time does not meet the recognition requirements for contributed services and, as such, is not reflected in these statements.

**N. FUNCTIONAL EXPENSES**

The costs of program and supporting service activities have been summarized on a functional basis in the consolidated statement of activities. The consolidated statement of functional expenses presents the natural classification detail of expenses by function. Accordingly, certain costs have been allocated among the programs and supporting services benefited.

The financial statements report certain categories of expenses that are attributed to more than one program or supporting function. Therefore, expenses require allocation on a reasonable basis that is consistently applied.

Expense allocation methods are as follows:

- When employee time can be directly identified with a project or activity, salaries and wages are charged to that project or activity (direct charges). In the case of support employees whose work is not identifiable to a specific project, salaries and wages are allocated pro rata based on the direct time charged to these projects. Taxes and benefits costs are allocated pro rata based on salaries and wages.
- Occupancy expenses are allocated based on usage by program. The total occupancy cost of each facility is allocated pro rata by the number of offices or cubicles used by each program.
- Costs for equipment, such as printing and mailing equipment, are allocated pro rata based on usage of the equipment by program.
- Expenses other than those listed above, which are not directly identifiable by program or supporting services, are allocated based on the percentage of direct salaries.

**O. USE OF ESTIMATES**

The preparation of consolidated financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

**JEWISH FAMILY AND CHILDREN'S SERVICE OF MINNEAPOLIS**

**P. INCOME TAXES**

Jewish Family and Children's Service of Minneapolis qualifies as a tax-exempt organization under Section 501(c)(3) of the Internal Revenue Code and the comparable section of the Minnesota Income Tax Statutes. It has been classified as an organization that is not a private foundation under the Internal Revenue Code and contributions by donors are tax deductible. The supporting foundation is a supporting organization under 509(a)(3) of the Internal Revenue Code.

A tax expense or benefit from an uncertain income tax position (including tax-exempt status) may be recognized only when it is more likely than not that the position will be sustained upon examination by taxing authorities. Management believes the Organization has no uncertain income tax positions that would result in an accrual, expense or benefit under the more likely than not standard.

**NOTE 2 LIQUIDITY AND AVAILABILITY**

The following represents the Organization's financial assets available to meet cash needs for general expenditures within one year of December 31, 2020. Due to the nature of the restrictions from contributions received from donors, the Organization has omitted only the restricted contributions that were not deemed "general" in nature.

Cash and cash equivalents	\$3,205,222
Accounts receivable	415,040
Grants receivable	569,490
Contributions receivable	1,375,130
Other receivables	9,614
Beneficial interest in the net assets of the Minneapolis Jewish Federation	<u>1,051,367</u>
	<u>\$6,625,863</u>

The Organization's endowment funds consist of donor-restricted endowments and funds designated by the board as endowments. Income from donor-restricted endowments is restricted for specific purposes, with the exception of the amounts available for general use. Donor-restricted endowment funds are not available for general expenditure.

The Organization's board-designated endowment of \$2,820,324 is subject to an annual spending rate as described in Note 10. Although there is no intent to spend from this board-designated endowment (other than amounts appropriated for general expenditure as part of the Board's annual budget approval and appropriation), these amounts could be made available if necessary.

As part of its liquidity management plan, the Organization structures its financial assets to be available as its general expenditures, liabilities and other obligations come due.

**NOTE 3 GRANTS RECEIVABLE**

Grants receivable consist of the following at December 31, 2020:

Government	\$347,420
Other	<u>222,070</u>
Total	<u><u>\$569,490</u></u>

**NOTE 4 JEWISH FREE LOAN PROGRAM**

The Organization issues uncollateralized loans to members of the Jewish community based on financial need under their Jewish Free Loan Program (JFLP). The loans are issued from a minimum of \$1,000 to a maximum of \$7,500 and bear no interest, and are typically repayable from 24 to 36 months. One or two co-signers are currently required who are subject to a credit check and must meet minimum credit criteria. Loans are funded from restricted contributions made by numerous donors.

Because of the strict criteria with regard to co-signers, write-offs are rare for this program. Allowances for doubtful accounts are determined based on an evaluation of the current status of any past due accounts and the average write-offs by category for prior years.

JFLP loans receivable consisted of the following as of December 31, 2020:

Jewish free loans	\$21,330
Less: allowance for doubtful accounts:	<u>(2,564)</u>
Jewish free loans, net	<u><u>\$18,766</u></u>

Receivables recorded for the JFLP were included in the Program loans receivable balance on the consolidated statement of financial position at December 31, 2020.

Israel bonds	<u>200,000</u>
Total	<u><u>\$470,943</u></u>

**NOTE 7 FAIR VALUE MEASUREMENTS**

The Organization has categorized its financial instruments, based on the priority of the inputs to the valuation technique, into a three-level fair value hierarchy. The fair value hierarchy gives the highest priority to quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). If the inputs used to measure the financial instruments fall within different levels of the hierarchy, the categorization is based on the lowest level input that is significant to the fair value measurement of the instrument.

Financial assets and liabilities recorded on the statements of activities are categorized based on the inputs to the valuation techniques as follows:

Level 1 – Inputs that utilize quoted prices (unadjusted) in active markets for identical assets or liabilities that the Organization has the ability to access. This includes stocks, mutual funds and exchange traded funds.

**JEWISH FAMILY AND CHILDREN'S SERVICE OF MINNEAPOLIS**  
**NOTES TO CONSOLIDATED FINANCIAL STATEMENTS**  
December 31, 2020

Level 2 – Inputs that include quoted prices for similar assets and liabilities in active markets and inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the financial instrument. Fair values for these instruments are estimated using pricing models, quoted prices of securities with similar characteristics, or discounted cash flows.

Level 3 – Financial assets and liabilities whose values are based on prices or valuation techniques that require inputs that are both unobservable and significant to the overall fair value measurement. These inputs reflect management's own assumptions about the assumptions a market participant would use in pricing the asset or liability (examples include interests in the net assets of the Federation and assets held in a trust where the Organization is not the trustee).

Financial assets that are carried at estimated fair value are categorized based on the inputs to the valuation technique are as follows as of December 31, 2020:

	Level 1	Level 2	Level 3	Total
Investments:				
Mutual funds	\$177,153	\$ -	\$ -	\$177,153
Exchange traded funds	23,070	-	-	23,070
Israel bonds	-	200,000	-	200,000
Beneficial interest in charitable remainder trust	-	-	118,192	118,192
Beneficial interest in the net assets of the Minneapolis Jewish Federation	-	-	14,207,042	14,207,042
Total	<u>\$200,223</u>	<u>\$200,000</u>	<u>\$14,325,234</u>	<u>\$14,725,457</u>

The basis for determining Level 3 assets is as follows:

- Beneficial Interest in Charitable Remainder Trust is based on the fair value of expected future income streams of the underlying Trust assets reported by the trustee using an estimated discount rate of 5%.
- Beneficial Interest in the Net Assets of the Minneapolis Jewish Federation is based on the unadjusted fair value of the underlying assets reported by the Minneapolis Jewish Federation.

The following is a reconciliation of the changes in Level 3 assets for the year ended December 31, 2020:

	Beneficial Interest in Charitable Remainder Trust	Beneficial Interest in the Net Assets of the Minneapolis Jewish Federation
Balance at December 31, 2019	\$118,192	\$12,773,194
Net change in value of trust and interest in net assets of the Minneapolis Jewish Federation	-	1,146,271
Contributions	-	575,097
Distributions	-	(287,520)
Balance at December 31, 2020	<u>\$118,192</u>	<u>\$14,207,042</u>

**NOTE 10 ENDOWMENTS**

The Organization maintained approximately 300 endowment funds in the Jewish Family and Children's Service (JFCS) endowment fund as of December 31, 2020. In addition, the supporting foundation separately maintains one endowment fund. In the consolidated financial statements, the JFCS endowment fund and the portion of the supporting organization endowment fund which benefits the Organization are collectively referred to as the Endowments.

**A. JFCS ENDOWMENT FUND**

The funds that comprise the JFCS endowment fund were established for a variety of purposes. The Organization established a fund at the Federation to manage these funds.

The endowment includes donor-restricted and board designated funds. As required, net assets associated with endowment funds, including funds designated by the board of directors to function as endowments, are classified and reported based on existence or absence of donor-imposed restrictions.

The Board of Directors of the Organization has interpreted the Minnesota Uniform Prudent Management of Institutional Funds Act (UPMIFA) as requiring the preservation of the fair value of the original gift as of the gift date of the donor-restricted endowment funds. As a result of this interpretation, the Organization retains in perpetuity (a) the original value of initial and subsequent gifts donated to the endowment, and (b) any accumulations to the endowment made in accordance with the direction of the applicable donor gift instrument at the time the accumulation is added. Donor-restricted amounts not retained in perpetuity are subject to appropriation for expenditure by the Organization in a manner consistent with the standard of prudence prescribed by UPMIFA.

In accordance with the UPMIFA, the Organization considers the following factors in making a determination to appropriate or accumulate donor-restricted endowment funds:

- The duration and preservation of the fund
- The purpose of the Organization and the donor-restricted endowment fund
- General economic conditions
- The possible effect of inflation and deflation
- The expected total return from income and appreciation of investments
- Other resources of the Organization
- The investment policies of the Organization

---

Funds with Deficiencies – From time to time, the fair value of assets associated with individual donor-restricted endowment funds may fall below the original value of the gifts, due to unfavorable market fluctuations. There were no deficiencies of this nature as of December 31, 2020.

Return Objectives and Risk Parameters – The Organization views itself as a moderate risk taker and has adopted policies with the primary investment objective of preservation of capital, on an inflation-adjusted basis, and secondarily, to achieve long-term capital appreciation.

Strategies Employed for Achieving Objectives – The Organization has adopted investment and spending policies that attempt to provide a predictable stream of funding to programs supported by its endowment while seeking to maintain the purchasing power of the endowment assets. Under this policy, as approved by the board of directors, the endowment assets are transferred to Federation, who in turn invests in a manner intended to exceed appropriate benchmarks over a full market cycle.

Spending Policy – The Organization appropriates 4% of the average balance of the endowment's fair market value as of December 31 of each of the three years prior to the start of the fiscal year. In establishing these policies, the Organization considered the long-term expected return on its endowment. Accordingly, over the long term, 4% was determined to be the maximum sustainable spending rate that would allow the endowment to grow in excess of the rate of inflation. The Organization's board can authorize up to a 5% spending rate if conditions warrant this change.

Investment fees paid to the Federation were \$123,457 for the year ended December 31, 2020.

**B. SUPPORTING FOUNDATION ENDOWMENT FUND**

The supporting foundation endowment fund was established to benefit the operations of JFCS and, in the future, other organizations as well. Per donor stipulations, contributions to the fund are permanently restricted, and contributions are to be invested in Israel Bonds. The portions of cash contributions and pledges that will benefit the Organization are recorded as contributions in the consolidated financial statements at the present value of the future benefit.

During 2018, the supporting foundation was named the beneficiary of an estate gift. Per the terms of the gift, the supporting foundation will receive an additional \$49,800,000 in Israel Bonds, which are to be invested in Israel Bonds into perpetuity. JFCS has an irrevocable 25% interest in the net income of the bonds and four other organizations equally share the irrevocable right to the remaining 75%. The full amount of net income of the bonds is to be distributed annually by the supporting foundation and is considered to be without donor restriction.

As of December 31, 2020, the Organization has recorded a contribution receivable equal to the 25% portion of the gift. Once the investments are transferred into the name of the supporting foundation, the Organization will record an asset for the fair value of the bonds held, with an offsetting liability related to the assets held in trust for the other organizations.

During 2020, the Organization received payments of investment income accrued in fiscal year 2019 of \$466,709 and recorded accrued investment income for 2020 estimated investment gains on its 25% interest in the bonds of \$469,404.

**NOTE 11 COMMITMENTS**

**A. LEASE COMMITMENTS**

The Organization rents space for an off-site location through April 2023. In addition to rent, the Organization is responsible for real estate taxes and certain maintenance costs in excess of the base amounts included in the terms of the lease.

Total rent expense was \$44,943 in 2020.

Future minimum lease commitments for the above operating lease are as follows:

2021	\$20,291
2022	21,167
2023	<u>7,151</u>
Total	<u>\$48,609</u>

**B. DEFERRED COMPENSATION**

The Organization has a deferred compensation plan for certain key individuals. The plan requires the Organization to accrue a percentage of the individuals' compensation to be paid after retirement. Expenses under the plan were \$15,399 for the year ended December 31, 2020. In addition, certain individuals may elect to defer a portion of their salaries, subject to IRS limits, to the deferred compensation plan. Accrued amounts of \$270,943 are included in long-term liabilities as of December 31, 2020.

**NOTE 12 LEASE REVENUE**

The Organization receives revenue from an agreement for the lease of space to another entity. For accounting purposes, the lease is considered an operating lease. Payments are received in monthly installments of \$5,103 - \$6,796 through the remaining term of the agreement, in addition to common area maintenance charges. The lease commenced in April 2018 and is effective through March 2033. Expected future minimum lease receipts are as follows:

2021	\$62,159
2022	63,402
2023	64,670
2024	65,964

**NOTE 13 RETIREMENT PLAN**

The Organization sponsors a safe-harbor 401(k) profit-sharing retirement plan. Under this plan, employees age 18 years or older can contribute up to statutory limits. All employees who work at the Organization are eligible to receive matching contributions from the Organization. The Organization makes a contribution equal to 100% of the employee's salary reduction up to 3% and 50% of the employee's salary reduction up to 4%. Retirement expenses under this retirement plan were \$236,342 the year ended December 31, 2020.

**NOTE 14 PAYCHECK PROTECTION PROGRAM LOAN**

The Organization entered into an unsecured loan agreement with Bremer Bank (the Lender) on April 10, 2020 for \$1,196,400, pursuant to the Paycheck Protection Program (PPP) created by Section 1102 of the Coronavirus Aid, Relief, and Economic Security Act (the "CARES Act"). The loan proceeds are to be used for payroll costs, payments on mortgage interest, rent, utilities, and interest on other debt obligations, with at least 60% of the amount to be used for payroll costs. The loan is subject to the forgiveness provisions of Section 1106 of the CARES Act and the SBA Interim Final Rule dated April 2, 2020. The Organization elected to account for this loan as a conditional contribution under FASB ASC 958-605 and has recognized the full amount as revenue in 2020, since all qualifying expenditures were incurred, and the SBA granted full forgiveness on November 16, 2020.

**NOTE 15 SUBSEQUENT EVENTS AND UNCERTAINTIES**

Management has evaluated subsequent events through July 15, 2021, the date that the report was available to be issued.

The COVID-19 pandemic continues to cause disruptions world-wide. Management has evaluated these conditions and believes that it is not possible to reasonably estimate the financial impact, if any, on the Organization's future operations.
